Dear Chase and all, this is a crazy
written paper but I think you
can make it out if you are as
smart as I think you are. I am
feeling pretty good at times and
then not so good at times. Winnie
is still with me, I wish I could
pay her but I share everything with
her we have quite a lot of snow
and cold weather in comparison
with last year but could do
with more snow yet. did you
read the report of the Bear Lake
County agents in the post some
one must think he has done
wonderful. I do hope you have
a good year and do hope you
are all well. Mabe Hazel is in
the right of it by going on the farm
but dont you neglect your work
there by going too much. write
when you can. love to all of you.
lovingly, Mother
